FEATURED IN THE CONCERT IN THE PARK at Acalanes football field will be the famous U. S. San Diego Marine Corp Band, which also presents a choral program and swing and sweet of the Little Club Orchestra. There'll be no admission at the Concert next Thursday at 8:15 p.m.

ORINDA SUN

Formerly Boulevard News

VOL. VI, NO. 24 LAFAYETTE — ORINDA CALIFORNIA — FRIDAY, JULY 30, 1948 5 cents

Planning Commission Begins Study Of Orinda's Zoning Needs, Problems

Orinda's zoning problems and needs are now being analyzed by the County Planning Commission with prospects of the final establishment of a zoning plan for the area in the not too distant future.

For the past two weeks, members of the Commission have been meeting in special sessions and Orinda zoning has been given a top spot on the agenda. According to Thomas Heaton, county planning technician. He said now that findings have been completed for the zoning of Alhambra Valley and Pleasant Hills the Commission will concentrate on the Orinda problem.

There will probably be one more meeting to make final decisions, Heaton said. So far no important decisions have been made.

(Several important questions face the Commission, such as whether or not to allow a retail business area at Glorietta and Moraga and how to zone certain areas not yet developed—RS or RA.)

Two hearings were held by the

Commission in Orinda the first of this year. Maps have been prepared by the planning staff for some time.

Marine Band Has Heroic Record During Last War

The San Diego U. S. Marine Corp Band, one of the West Coast's oldest military musical organizations, earned for itself high praise in the heroic annals of the Marine Corps during the last war.

Not only did their entertaining abilities as musicians prove invaluable but early in the war it became apparent that their coordination and trained reflexes made the bandmen readily adaptable for such technical jobs as fire-control, plotting, communications and Radar, Air Raid Warning Systems and Military Topography.

Large Crowd Attends Oak Springs Picnic

The annual Oak Springs picnic held Sunday was voted a complete success by both participants and the organization alike. It was estimated that there were over 250 people at the event during the day and night entertainment.

The large crowd enjoyed swimming in the Oak Springs Pool, visiting the various booths on the grounds, and dancing around and near the pool in the evening.

The funds from the picnic will be used to finish the Associations club house and to build retainer walls for landscape purposes. The final financial report will be given at the next meeting on August 9.

Commission Okays Additional Land For Orinda School

The County Planning Commission this week approved the use of an additional nine-tenths of an acre by the Orinda Grammar School, according to Thomas Heaton, County Planning Technician.

The additional land is presumably for expansion of the school, he said.

Bids for Construction of Glorietta School to be Awarded August 24

Orinda came one step closer to having a second grammar school when the school board today issued a call for bids for the construction of the proposed Glorietta Elementary School at Glorietta Boulevard and Martha Road.

Sealed bids will be opened at 6 p. m. August 24 at the Orinda Grammar School. At that time the contract will be awarded to the selected bidder.

The complete legal notice is published in this issue of the

Lion Committee List Announced

Committees of the Orinda Lions Club for the coming year were announced this week by President George Hartzell.

The committee members with chairman listed first are:

ACTIVITIES—

Sight Conservation & Blind — John Blaney, Carl Miller, co-chm., Al Eberlin, Jim Lucas; Boys and Girls, Citizenship and Patriotism — Lloyd Farrar, Bill Salvage, George Tonkin, Harry Biederman; Civic Improvement & Community Betterment — Andy Blalock, Stewart Wade, Vance Reynolds; Education — Jerry McKinley, Bart McMahon, Rudy Rasmussen; Health, Welfare and Safety — Nate Grey, Clarence Betz, co-chm., Sd McGah, Charlie Malone; Athletics — Hayden Bridwell Sr., Jack Snow, co-chm., committee to be picked.

ADMINISTRATION—

Program — Don Hunter, Bob Doyle, C. P. McVicker; Membership — Fred Von Gunther, Roy Nason, Wirt Eller; Publicity — Bob Anthonisen, George Hartzell Jr., Clyde Bumgarner; Attendance — Jack Cooper, Joe Navone, Hayden Bridwell Jr.; Constitution & Bylaws — R. E. Wadsworth, Wayne Littlejohn, Bob Baker; Convention — Paul Vashell, Milt Nelson, Joe Orland; Finance — John Stoffel, Don Bradley, Ken Courtright; Lions Education, U. N. — Dick Graffis, Walt Friberg, Al Meggs, Van Barber.

for participation at the Monterey Centennial, the Sonoma County Fair and the Utah Centennial celebration.

It is now appearing at the Santa Rosa County Fair.

Funeral Services Held Wednesday For Mr. Hubbard

Funeral services were held Wednesday morning at the Chapel of the Chimes in Oakland for Charles P. Hubbard, 77, of 7 Via Farralone.

A retired Pacific Telephone and Telegraph Company official and member of the family which pioneered in the discovery and use of the telephone, Mr. Hubbard died suddenly Monday at his home of a heart attack.

Mr. Hubbard was a first cousin of Alexander Graham Bell, and son of Samuel Hubbard, who is credited with introducing the telephone to the Pacific Coast and Honolulu.

He retired as a special agent for the telephone company in 1929 after 30 years service. He was a resident of Orinda for the past 17 years.

Mr. Hubbard is survived by his widow, Georgie Strong Hubbard, and a brother, W. B. Hubbard, of Bellingham, Washington.

Executives of Dramateurs Meet

The executive and the play reading committees of the Dramateurs met Tuesday night at Bob Anthonisen's home.

No definite conclusion was reached this week as to what play would be used in the forthcoming November production.

Come Along to the Concert In the Park Next Thursday

Come one, come all — to the Concert in the Park.

It's next Thursday at 8:15 p.m. at the Acalanes Union High School Football Field.

Bring the kids — they'll love it. And don't forget a canvas or old blanket in case you don't like sitting on the grassy turf. Of course, there're the bleachers, if you prefer.

Don't worry if you're a bit early or late; don't worry about what to wear. Just don't worry about anything, for it's a very informal gathering of Lafayette and Orinda residents and their friends.

We're getting together to enjoy a swell musical program, while relaxing on the lawn.

A LARGE AUDIENCE

And if you don't think the program will be good, just ask any one of the 674,850 persons who have heard the San Diego Marine Corps Band since October of 1946.

There'll be exciting martial

marches performed by this precise and talented 50-man band. But that's only the beginning for the U. S. Marine Band can well boast of two other musical outfits organized within the large group:

The Halls of Montezuma band, which has appeared on the Marines weekly radio program.

The Little Club Orchestra, which specializes in swing and sweet music.

In addition, Capt. James Jordan of Orinda reports that the men also form into a choral group. Vocals with the Little Club orchestra will be by Master Sgt. W. Robinson Jr., who is also leader of the swing section.

On hand will be the talented Orinda Barbershop Quartet and Chorus, presenting good old barbershop harmonizing that is becoming increasingly popular throughout the country.

Supervisors Again Postpone Hearing On Changing Name of Irvine Drive

The "case" of the residents of Irvine Drive vs Donald L. Rheem being heard before the County Board of Supervisors was again postponed for two weeks.

Scheduled for last Monday was the hearing on the request of Rheem for the renaming of Irvine Drive to "Rheem Boulevard." When the matter was brought to the floor, Supervisor Jack Cummings moved that it be continued until August 9. No reason for the postponement was given.

Rheem's request was presented to the Board on May 17 with the hearing set for June 21. It has

been postponed several times since then.

The residents of Irvine Drive and the Glorietta Improvement Association have protested the change of name.

Schedule School Budget Hearings

B. O. Wilson, county superintendent of schools, today announced summaries of proposed budgets for 1948-49 for the schools in this area and the date of public hearing in each school district.

The following hearings have been scheduled: Acalanes High School, 8 p.m. August 6; Orinda School, 8 p.m. Monday August 2; Lafayette, 8 p.m. August 2; Canyon, 8 p.m. August 3; and Moraga, 8 p.m. August 4.

Meetings will be held at each of the schools.

In each district, the proposed school budget for 1948-49 has been increased over the past school year.

Dogs Poisoned; Cause Unknown

Two dogs were stricken with poisoning last week in Orinda, the cause of which is unknown.

Sambo, the setter and cocker of Mr. and Mrs. George Matey of Las Mesas, was in bad shape when found poisoned. After three days treatment, Dr. Joseph Lorber, veterinarian, put the dog out of his misery.

Jack, the dog of Mr. and Mrs. Clarence Davey of Vallecito Lane was saved after poisoning. He was also treated by Dr. Lorber.

The cause for this slow poisoning is apparently unknown. Catching poisoned dead gophers might possibly be the cause, Dr. Lorber said.

The symptoms of this poisoning are nausea, drooling, posterior paralysis and diarrhea.

We Live in a 'Horseman's Paradise'

(The Sun presents the first of a series of articles on our area as a Horseman's Paradise. They are written by Ada M. Morgan, well-known as a writer and lover of horses.)

ADA M. MORGAN

Read the real estate ads and you'll be told that the Orinda-Lafayette-Walnut Creek area is a real "Horseman's Paradise."

Go poking your nose into the many small and large stables in the district, counting the horses in the pastures, and you'll soon be convinced those ads are correct.

"Give me a horse I can ride" seems to be the desire of many residents here. Many of them keep horses strictly for pleasure only. Others combine pleasure and profit. Still others have horses in a strictly business sense.

But, whatever the reason, there are some exceptionally fine animals here; and some that have made names for themselves as outstanding equine individuals.

MEET BARAKI

Baraki, Mrs. Paul Albert's Arabian stallion, is one that comes to mind readily. Baraki is the one horse still retained of the several owned by the Alberts prior to Mr. Albert's death.

Paul Albert was founder and editor of the "Western Horseman's Magazine," which he published from his Lafayette home.

He knew his horses. He was particularly interested in the western stock horse and in Arabians. Baraki has the bloodlines he want-

ed, and this small, bay, tough-fibered animal has produced some good, hard-to-beat offspring.

Some of the very popular crosses with this stallion have been on good, typy, so-called California range-mares. Such get are bigger and a bit coarser than the sire, which seems to be a more popular type, excepting for the true Ara-

bian fanciers, in this area — but possess one of the most desirable qualities of his potency. Namely: endurance.

THERE'S REAL SILK

One of his sons especially well-known here is Joe Hallett's 920-pound, dark chestnut gelding Real Silk. This horse, far from large, is put together so well he can pack

the 280 pounds Joe and his tack comes to without looking as though he's overloaded. Not only that but he can do it all day, up hill and down, and still come in on his toes.

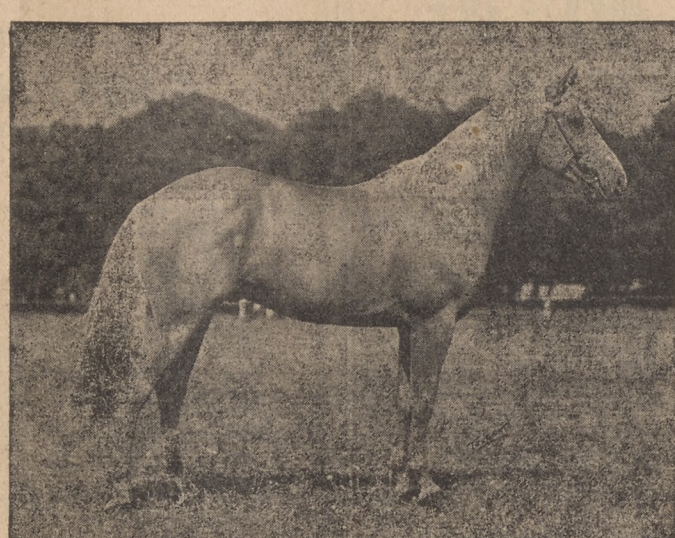

Joe and Silky proved his endurance during the last two years of the Concord-Mt. Diablo Trail Ride. They won the highest honors over a field of 65 horses each year. That is they captured the Sweep-stake Trophy two years running, gaining its permanent possession — something that never had been done.

Joe has many trophies won by Silky. And now he has another mature Baraki child; a chestnut mare. She is tough, too, he says, and plans to perhaps do a bit of competitive riding with her. He also has a new little colt from this horse and one of his own mares.

LARGE STABLE

At the last count this horse-owner had fifteen horses. One of his horses that may make Lafayette known as "the home of Fire Bull," is a six year old bay thoroughbred now training as a running horse. This stallion is by the very famous Bull Lea, out of the mare Elmore C by Campfire. He is the half-brother of the world famous racers Citation and Armed.

That is just the beginning of the list of good horses in this "Horseman's Paradise." Look around and you will find cow-horses, parade horses, Quarter horses, jumpers, Arabians — almost any breed or type you are interested in — at home and happy here.

HERE IS PICTURE PROOF that our area is a Horseman's Paradise, for Golden Flight, whose home is in Tenacres, Saranap, recently returned from 1,400 mile tour to bring back a bagful of prizes. This famed six year old Palomino won five new blue ribbons, trophies and prize money. His owner, Mrs. Gerald Gray is rightfully proud of him. (Read adjoining story on horses in this issue.)

Roger Souza Reports on European Attitude to the United States

(Editor's Note: Roger Souza, accompanied by his mother, Mrs. William Souza, just returned from a 10,000 mile flying trip to Western Europe, visiting England, France, Switzerland, Portugal and Spain. We have asked him to report on his impressions of Europe today.)

By ROGER SOUZA

Let's face the facts — we are not liked in Europe.

We are tolerated as a necessary evil. We are considered as uncouth, lacking in culture, a money-mad people whose only God is the almighty dollar.

They strongly resent that they have to take aid from a people that they look down on; our ways of always rushing trying to get things accomplished conflicts with their fundamental principle: — That if it can't be done this week it will be at a later date.

U. S. FEARED

We are feared for trying to dominate the world; and resented because the State Department doesn't consult the small countries — but makes decisions on the basis of a 3 power pact for the partitioning of Europe. They wonder who will be next! Because we want to dictate the terms of our aid — and check to see that it reaches the destinations assigned.

Europeans take every advantage of Americans that is known in the books and we tolerate it — in return they consider us fools and go by the old axiom, "These are Americans — treat them accordingly" (as much as the traffic will bear).

OLD AND NEW WORLD

It's time we realized — that the idea of two worlds being made "ONE WORLD" can only be accomplished if we can breach the time element.

Europe, the old world, steeped in tradition, religion, resisting change, fostering a society based on the idea that the majority should make every sacrifice for the privileged few. The people held in ignorance by every possible pressure group to maintain the status quo.

Against this we have our world — not steeped in any traditions but guaranteeing to every man the Fundamental Rights of Life and Liberty. Freedoms unknown in the old world.

We are always seeking the true explanations; new ways of doing the old jobs better, with the result that the majority of the people live as well as any King in the old world.

RESENTFUL

The old world resents the new because it has proven that it can combine the past, present and future into a standard of living for the people so superior, even with all its faults, so that the old world can't compete.

Fascism, Socialism, Communism thrive on the fundamentals of the

old world; but the new world presents a challenge.

Time is on our side — by offering Peace, Hope and Promise to all; the challengers who fear our system, with all its faults will be completely destroyed — not by us — but by themselves. Throughout the world people are seeking a better life, security, and not organized slavery.

County's Oldest Building To Be Open to Public

The County's oldest building, the Adobe in Concord, has been restored and will be open to the public late this month.

Dr. H. D. Neufeld, the owner, has restored it along historical lines, the project costing in excess of \$20,000.

The Adobe is well over a hundred years old. It was built in 1832. It was the home of the Pachecos, the earliest settlers in the area.

An old well-preserved sketch of the Adobe was found by Dr. Neufeld shortly after he took over the building. It was labeled as having been done by an unknown Japanese architect. On the back of the sketch was penciled a description of the six stones that were once used to mark the boundaries of the original land grant made by the King of Spain to the Pachecos in 1821.

These stones aroused Dr. Neufeld's interest and he subsequently discovered four of the stones scattered about the property. One other he learned was stolen years ago, and a sixth was presented to Dr. Stirewalt by the Pacheco sisters in 1928.

While the ground was being leveled for the patio, the only new addition to the historic building, the original arched well belonging to the Pachecos was accidentally discovered. It has been uncovered and restored except that it is no longer filled with water.

When the Adobe opens in a few days, it will feature indoor and outdoor dining with Spanish music as a background.

Eventually an extensive business area, already planned and laid out, will surround the Adobe.

Musicians Eligible For Army Band

Young musicians of Contra Costa County now subject for military duty under the draft law have an opportunity to sign up at Camp Stoneman, SFPE, Calif., and serve with the 438th Army Band stationed at the post personnel center.

Further study of the plan reveals that the musicians can enlist for periods ranging from 2 to 6 years, with the guarantee that they will be assigned to the 438th during the period.

Interesting Facts in Our Phone Fight

Recent issues of the Sun have presented two lengthy articles concerning the Public Utilities Commission's very important order to the Pacific Telephone and Telegraph Company.

The first enumerated the precedent-making decisions of the Commission in ordering the Company to reduce its annual license fee payment to its parent company, American Telegraph and Telephone Company, as well as to reduce its payments for equipment purchased from Western Electric. These are just two of the most vital sections of the Commission's findings.

The second article, published last week, presented the telephone company's answer, which in effect amounted to "Sorry but we can't reduce the license fee, we've already secured cuts in the price of Western Electric equipment, and it isn't feasible to follow any of your orders, except one (securing of temporary financing from other sources than A.T.&T.). The telephone company declared that the Utilities Commission was without jurisdiction in ordering the lowering of the license fee, but would discuss the problem with the Commission.

Now a question might be asked: Why has the Sun devoted so much space to these matters?

Our answer is: While most of this is happening in San Francisco and Sacramento and New York and while it's a state-wide problem that may be taken into the high courts of our land, nevertheless it is of direct concern to the residents and business firms of our communities.

Smart kid, Junior!

Maybe smarter than his father... unless father is buying U. S. Savings Bonds on the Bond-A-Month Plan, at his bank.

Buying these Bonds—and holding them—is one of the wisest things any American can do.

In ten years, you get back \$4 for every \$3 you've put in. And you help protect your country against inflation.

Can you think of any better use for extra money today?

AUTOMATIC SAVING IS SURE SAVING — U. S. SAVINGS BONDS

Vets Planning To Enter School Urged to File

J. W. Hamond, Veterans Service Officer, today urged veterans who plan on entering school this fall under either the State or Federal program, to file now for their certificate of eligibility.

By filing early, veterans can be assured of receiving their first subsistence checks with a minimum of delay. Those veterans who do not secure their certificates prior to registration may have to pay their own fees for tuition, books, and other materials, Hamond stated.

Under the State program, an authorization certificate, which defers the students' fees, cannot be issued until the veterans' certificate of eligibility is approved by the Department of Veterans Affairs and his educational application is on file with the Department.

Certificates of eligibility may be applied for through the Veterans Services Offices located at 108 Hall of Records, Martinez, or 127 University Court, Richmond. Complete copies of discharge must be submitted when filing. Hamond said he can assist

Plans for Walnut Creek Hospital Petition Go On

The Walnut Creek Memorial Hospital Association still plans to continue its project of petitioning for establishment of its own hospital district, pending acceptance or rejection of the county plan by the voters, according to Chairman Walter Rugh.

The Association's plans were not affected by the county board of supervisors' recommendation that continued operation of the Concord hospital be included in the Hamilton plan for a county-wide hospital district.

The Hamilton Plan recommended that the supervisors establish a county district to control hospital facilities through the area, including the one in Walnut Creek. Concord residents had expressed dissatisfaction with the Hamilton Plan.

veterans in filing for either State or Federal educational programs. Full information on various phases of these programs may also be obtained at the Martinez and Richmond offices.

Here is an interesting paradox: the telephone company is granted several general rate increases. On top of these the company applied for and was granted permission to increase so-called long-distance tolls between Lafayette, Orinda, Walnut Creek and Moraga from five to ten cents. All this — but without any real improvement of service.

Thus, the telephone company raises the rate of a telephone call, which in many cases is from one side of the street to another, from 5 to 10 cents and reduces the length of the call — from 5 to 3 minutes — but says it cannot reduce its annual license fee by one and a half million dollars, as was ordered by the Utilities Commission.

That is why we have published the articles.

The commission, after a lengthy investigation, decided the method of determining the license fee was unsound... "arbitrary, unreasonable, and unjust and bears no rational relationship to the reasonable cost of the services actually rendered to Applicant (P.T.&T.) by the American Company."

This newspaper and local organizations assert that the telephone company is charging very high prices for what we believe is inadequate service.

It is well to keep in mind the Utilities Commission's decision and the company's answer while we fight for better telephone service for our communities.

Captain Sandford Sez:

We don't hear any more about Bob Bennett's four year old filly, "Naphaleen". She must be receiving his treatment. "Keep it Clean", says Bob. "Keep them Clean," says I, plural. Keep everything clean.

I have been learning for many years what the reward for the good Samaritan boy scout, what have you act is.

Lady with automobile in distress outside my office headed east. I volunteered to tow her to Lafayette with my Jeep. It is a good thing it was the jeep and not an automobile, because she rode her brakes heavily the whole way.

I stopped twice and asked her to let up on the brakes. She said she would; but she sure didn't. Finally got her to Lafayette, gushing with thankfulness. I know I'll do it again. Leading with the chin, I call it.

The horse is a noble animal. He is oblong in shape with a leg at each corner. One end is supposed to be absolutely safe... which end I don't know. I have been trying to find out for over 50 years. I've been hurt at both ends, as I said, so "I just don't know."

One thing I do know for certain is that the outside of a horse is good for the inside of a Scotchman. Period.

Rumors Charge 'Group' With Delay In Hospital Plan

Walnut Creek area's memorial Hospital Association is being balked in its attempt to establish a hospital district in this area, according to rumors which grew stronger this week, the Walnut Kernel reported.

Rumors charged that the district attorney's office has been brought into the fight.

Chairman Walter Rugh announced he would go to the county clerk's office to see why Walnut Creek's petitions are being held up, while a similar Concord group received action within two weeks, the Kernel pointed out.

Walnut Creek area had petitioned for verification of the proposed district's boundaries, so that a legal description could be prepared to be circulated with petitions.

The group is awaiting this legal description of boundaries from the county before going ahead with the petition.

Members of the Walnut Creek committee also charged that the services of their attorney, John Nejedly, are being threatened by whatever group is also holding up action by the county clerk. They declared that this "group" went to Nejedly's boss, the district attorney,

ney, asking that he "lay off" his activity for the hospital group, according to the Kernel.

San Ramon Valley Boosters Present Demands to PT&T

The San Ramon Boosters repeated their demands for improved service to the Pacific Telephone and Telegraph Co. last week.

Bob Horst, District Manager of the P. T. and T. met with the group and made a presentation of the company's position.

The Boosters are still determined to demand modernization of the local telephone set-up in line with that already in operation in Walnut Creek and other communities in this area. Extended service at least to Walnut Creek, elimination of the toll charge to Diablo and improved long distance service are also demanded.

"The last three items do not necessarily involve mechanical changes, but only the company's willingness to give local subscribers the type of service recent rate increases would seem to justify", according to Gene Haney.

Leon Dinkin Seeks Witness

Leon Dinkin today asked that anybody witnessing the automobile collision on Monday July 19 near Orchard Nursery contact him at Walnut Creek 4507.

Mr. Dinkin was injured in this head-on collision at 9 p.m. He is now recuperating in his home and expects to be in bed for about six weeks.

Your Garden IN LAFAYETTE AND ORINDA

BY CONSTANCE HANSEN

A rather unusual garden question was asked recently by Mrs. Alvin Powell of Jonas Hill Road.

There was a sort of stringy orange growth on a Scotch broom brush and she wondered what it was and what to do about it.

This is a case where one seed plant is parasitic on another. The orange plant, a member of the gourd or squash family, sends feeding organs into the living tissues of the host and lives on the food the other plant manufactures. It is not a common pest in gardens, although it can attack a wide range of host plants. It is more often seen on plants in the marshes, or occasionally in fields. It is controlled by pruning the affected parts.

BROWN PATCHES

At this time of year many people who have lawns notice brown patches in them, and Mrs. Robert Kahn of Moraga Blvd. was asking me about hers not long ago.

There are two or three possible causes of brown spot, the most important being either infestation by fungus or lawn moth larvae. If you see a fair number of moths hovering over the lawn on warm summer evenings, you can blame them. If you don't see any moths, flood the affected spots, and the larvae will rise to the surface, if present.

Any standard insecticide may be used to get rid of them and the

WELL DRILLING

George Lytle

Pump Work-Pressure Systems
Phone Walnut Creek 2698

bare spots reseeded. If there are no moths or larvae, the trouble may be due to a fungus disease, and can be controlled by using Bordeaux mixture or other fungicide containing copper.

NEW PRODUCTS

Speaking of lawns, the Happy Valley Nursery is displaying some new products these days. They are put out by the Scott Co., an organization which has made your lawn their profession. They have gone into the subject of lawn-making and maintenance from every angle, and have certainly done a thorough job, down to the last detail, including a little note that goes along with your seeder and fertilizer spreader when you loan it out: "he day's free use, after that fifty cents a day".

The new products which they are featuring in their entry into the western trade is a combination fertilizer and weed-killer.

It kills the broad-leaved weeds at the same time it feeds the grass, which seems like a very good idea. The fertilizer in the mixture is a slow-acting one and the action is continuous over a longer period than the usual quick-acting types. Also it is applied dry, and can be left on a few hours before washing in without burning.

FREE BULLETIN

The company publishes a little bulletin several times a year having to do with some phase of lawn care, and will be glad to send these to anyone who signifies his interest by signing his name and address on the register which is on display at the Happy Valley Nursery.

One of the recent bulletins tells all about lawn, seed, and how and where it is grown and harvested, and the importance of having it as clean and free of weed seeds as possible. There are few areas in the world suitable for growing the seed, and even in these the harvest is often uncertain owing to weather conditions.

Another bulletin gives the inside story of the steps in the development of the new product mentioned above "weed/feed". Even the

packaging of the different items shows great attention to detail having to do with the convenience of the purchaser.

One weed-killer, for example, is wrapped in envelopes each containing enough chemical for one dosage and giving instructions on the wrapper as to amount of water to use and methods of application.

CUTTING CANES

Last week I cut the old canes on my everbearing raspberry, Indian Summer. These were the canes which bore the last crop last year and which were shortened at that time to go through the winter.

This year's canes are now five feet or over and will soon start to bloom for the fall crop. If you like to pick berries and enjoy raspberries, I recommend this variety highly. The berries are large and are borne in quantities to amount to something, even in a small patch about four by twelve feet.

I've found that a good place for youngberries is along the west side of the lath house, as they can be tied to the laths. A fence would do as well and they are really quite pretty when blooming or in fruit.

In other years I have often lost a lot of berries by having them cooked by one of our hot spells, which usually come along at this

season, just as the berries are almost ready for picking.

But this year I cut a few redwood branches on the first hot morning and draped them around in the vines where the berries were thickest, and managed to protect most of them from sunburn. Gardeners who grow their berry vines on the usual horizontal frames may not have this trouble, since the leaves are more likely to be over the berries.

Phone or write us your news: Orinda 2118 or P. O. Box 147; or Lafayette 4452 or P. O. Box 806.

Le Chalet Opens On Mt. Diablo Blvd.

The French influence appeared on Mt. Diablo Boulevard recently with the opening of Le Chalet, across from the Happy Valley Nursery.

Mr. and Mrs. Henry Hollander are the new owners. It was formerly known as Berkeley Interiors. Le Chalet offers hand-made French lampshades, furniture, rugs, drapes and interior decorations.

Both arrived from France several months ago and their store in Chambéry Souie is now being operated by Mrs. Hollander's mother.

Mr. Hollander met his wife when he was a soldier in France during the war, and both came to the States when hostilities ceased. They returned to France to open an interior decorating store there.

Conditions in France were very difficult, they report.

HOME AGAIN

Mr. and Mrs. Earl H. Spotswood and daughters, Carol and Sherrie, of Brown Avenue recently returned after spending their vacation at Buck's Lake in Plumas County.

New Draft Board Members Listed

Draft Board members for Contra Costa County announced this week are:

No. 29 — Fred Dreem, C. D. Orner and Dan Moziglia, Richmond.

No. 30 — G. W. Rease, S. S. Ripley and W. E. Stalker, Richmond.

No. 31 — George R. Gordon and Arthur Granshaw, Martinez, and W. D. Snelson, Concord.

New Electra Powerhouse now pouring power into P. G. and E. lines

Latest in the parade of new P. G. and E. power producers is the Electra plant on the Mokelumne River eight miles from Jackson. New Electra is one of four powerhouses, completed or underway, spaced along the river...powerhouses to take the muscle from the Mokelumne and put it to

work for Northern and Central California homes, farms and factories. One Electra unit began pouring power on the line this week and, when at full capacity, Electra will produce 133,000 horsepower. The four Mokelumne plants will turn out a total of 250,000 horsepower.

A pipeful of power... the penstock shown here feeds Mokelumne water from the reservoir to the powerhouse under high pressure. There it's jetted from giant nozzles at terrific speed against the water wheels that whirl power-making turbines.

Power enough to serve the cities of Berkeley, Richmond and Emeryville will pour out of New Electra. The entire Mokelumne project will produce nearly twice that much. And this is just part of our program of more power... to serve you better.

for the record

New Electra stands near the site of the first plant to serve San Francisco with hydro-power.

P. G. and E. is investing in California at the rate of more than \$10,000,000 a month.

The first half-million new horsepower is being added in the next seven months.

THINGS YOU SHOULD KNOW ABOUT PAINT

You're
Dollars ahead
with
Washable
Finishes!

Besides their extra beauty and convenience, "Dutch Boy" washable wall finishes are a better dollars-and-cents investment. For the very same qualities that make them washable, also give them long life under conditions that break down ordinary paints.

We can show you "Dutch Boy" finishes that will still beautify and

protect no matter how hard or often you wash them. Even in the warm, steamy atmosphere of kitchens and bathrooms they stand up, stay beautiful, last longer.

Let us tell you about "Dutch Boy" washable wall finishes. We have them for every room. And we'll gladly answer any of your questions about their use.

DINNER GUESTS

Tuesday evening Mr. and Mrs. Norman Ronald of Brook Street had as their guests Mr. and Mrs. Walter N. Boysen of Orinda.

Mr. and Mrs. Boysen have just returned from a combined business and pleasure trip to Honolulu, Bankok, Siam, Shanghai, and the Philippines. Mrs. Boysen remained in Honolulu during Mr. Boysen's two-month absence while he made business trips to the other countries.

SISTER VISITS

Houseguests at the home of Mrs. Marie Christensen on Oakland Ave. this week are Mrs. Christensen's sister, and family, Mr. and Mrs. Ren Archibold and children, Patty Ann, Lorene, and Albert of Ogden, Utah.

This evening, Thursday, the group will be entertained with a barbecue dinner at the home of Mr. and Mrs. George Hartzell Jr. on Crest View Drive in Orinda.

CHRISTIAN SCIENCE

"Love" is the subject of the Lesson-Sermon to be read in Christian Science churches on Sunday, August 1, with the Golden Text from I John: "We have known and believed the love that God hath to us. God is love; and he that dwelleth in love dwelleth in God, and God in him" (4:16).

Included in the sermon are the following citations:

Psalms: "Oh that men would praise the Lord for his goodness, and for his wonderful works to the children of men! He turneth the wilderness into a standing water, and dry ground into watersprings. And there he maketh the hungry to dwell, that they may prepare a city for habitation" (107:31, 35, 36).

"Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Divine Love always has met and always will meet every human need" (p. 494).

Drive carefully — save a life.

PACIFIC GAS AND ELECTRIC COMPANY

El Rey Softballers Take Close One From Lafayette to Tie Up League

The Softball League was thrown into a two way tie between the Lafayette Merchants and El Rey for second half honors as a result of the 2-1 win by El Rey over Lafayette Monday night.

Harry Dunham and Gil Souza hooked up in a pitcher's duel which found neither team able to score up to the 6th inning.

Ed Bahler smacked one of Souza's curve balls and sent it to right center for a home run.

FATAL INNING

In the fatal seventh, with two away and a man on second, Ferrieria, El Rey's shortstop, hit a high blooper behind short that sent in the tying run. Hec Miles next man up hit a single over third and it was all over as Ferrieria romped home.

Softball schedule: Friday, Las-

se's Exhibition; Stern's Exhibition.

Monday, Aug. 2: Service Clubs; El Rey vs Stans.

Tuesday: Herb's vs Union 7; Lafayette vs American Legion.

Wednesday: Stan's vs Tiny's Hut; Lafayette Exhibition.

FROM TEXAS

Visiting at the home of Mr. and Mrs. C. L. Yarbrough of Hough Avenue last week were Mr. Yarbrough's brother and wife, Mr. and Mrs. R. T. Yarbrough, and daughter, Lucille of Houston, Texas, who are on a two months vacation. They have been visiting Denver, Salt Lake and expect to tour California. R. T. Yarbrough is owner of the Yarbrough Fence Sales Company of Houston, Texas.

FROM THE SIDELINES

By Coach Erwin Mattson

The Olympics games are taking up a good deal of space in the sports pages these days with major events soon due to get under way.

But somehow the normal interest and excitement of the games that seizes the sports fans seems to be lacking. Perhaps it's because of the shadow of war on the horizon or the fact that we have just ended one and that we can't rouse ourselves to the prewar era.

Performances will reach an all time high and records will be broken unless unusual weather conditions are encountered.

AMERICA'S TEAM

As per usual the American team will have a large number of negroes on its various teams and they will do more than their share in bringing home the bacon.

The rise of the negro athlete is an important factor in record breaking as witness the performances of Jessie Owens, Joe Louis and Dillard to mention but three. Part of the rise of the Negro has been due to his opportunity for schooling and coaching. Then again the Negro has probably a greater incentive to break records, as it offers a great opportunity to gain fame and prestige.

LONGER LEGS

The Negro is often said to have more natural ability due to the anatomical fact that his legs are in general approximately two percent longer than the white man's and he is longer footed.

In addition he possesses a better developed heel bone, which contributes to greater foot leverage. Emotionally he is considered well fitted for speed and jumps.

Modern living will in all probability rob him of these advantages with the passage of time.

INTERESTING QUESTION

One of the questions often asked is when will man reach the ultimate as far as records are concerned in athletics.

Our own humble opinion is that the end of record breaking is a long way off for a number of reasons.

Man has a long ways to go in physical development. Preventive medicine along with improved food and eating habits plus improved coaching methods will result in a continuous era of record performances.

HEIGHT INCREASED

Gordon Townsend Bowl's study of fathers and sons of native American stock shows that the mean height has increased two inches in the past 50 years (from 5' 8" to 5' 10") while the mean weight has increased 11 pounds from 138 to 149.

Every dimension has increased with the exception of the breadth of the hips. A study of army recruits shows the same facts.

'SURE ARE SMALL'

High school students always

graders and say "They are sure look at grammar school eighth small, no athletes there." Often the very student who makes the remark would be startled to find that some of the ones he considers small are actually larger than he was at the same stage. Figures show that instead of getting smaller they are getting larger.

Maybe it's due to consuming the breakfast of champions!

Legion Nine Loses To Pinole 12-10

The Lafayette Legion hardball team dropped a close one to Pinole last Sunday by a 12-10 score.

The Legion boys looked impressive in spots particularly in the third frame when they batted all the way around and put 6 runs on the scorebook.

It was the team's first game after a three week layoff and loose playing at times showed up as a result.

Clark McBride led the hitters with a three base hit with the bases loaded.

Lynn Amason performed on the mound for the locals and turned in a six hit effort. McBride was on the receiver end.

OFF TO SEATTLE

Last week Mrs. Joseph A. Conner and daughters, Tarra and Thais, of Happy Valley, left for Seattle where they will spend three weeks with Mrs. Conner's parents, Mr. and Mrs. W. C. Steele of that city.

HOW TO SET UP HOUSEKEEPING ..telephone style

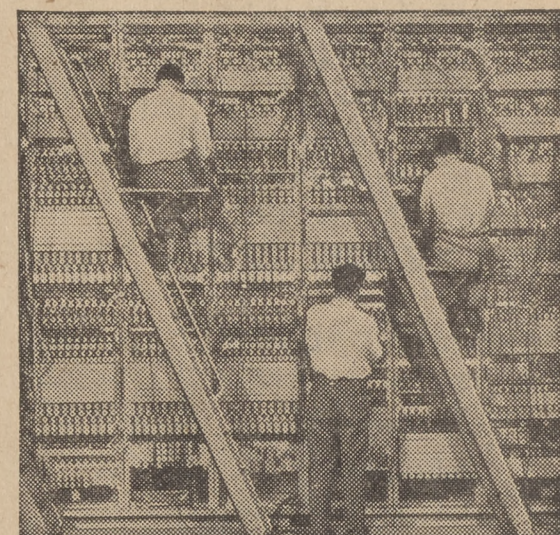

2. The "furniture" for our telephone home is the equipment needed to handle your calls. Manufacturing and installing it takes time...and lots of money. Your new telephones can't get to work without it, so we're putting in equipment, constructing buildings, and providing other facilities to the tune of over half a million dollars a day.

4. Where does the money come from? Millions of new working dollars...needed to extend and improve service...must come, not from telephone bills, but from thousands of people who put their savings to work in the telephone business. To attract these working dollars, we must pay a reasonable amount for their use. This depends on the sale of our services at fair and adequate prices.

1. Building a home for telephone equipment is a big and complex job. The framework must be extra massive to carry heavy loads and resist shock. To make room for equipment, the stories are taller, too. This new building, larger than most but of typical construction, has fifteen floors...yet it's as high as a twenty-story building.

3. A lot of close, exacting work is still ahead. Thousands of tiny connections must feel the heat of a soldering iron before new equipment can handle your calls. Scenes like this are common in telephone offices all over the Coast today as we build and expand—in the face of high costs—to meet the West's growing needs.

The Pacific Telephone and Telegraph Company

More than 70,000 people working together to furnish ever-better telephone service to the West

Scout Campers Eat Rattlesnake Meat, Learn 'Right' Way to Cook Meals

To Dick Williams of Orinda Boy Scout Troop 207 went the honor of tasting rattlesnake meat at Camp Wolfboro. Cooked and sliced after a snake killing demonstration, the meat was good, but strange and bony, according to Dick.

At the annual Scout camp, the rest of the boys from Orinda had a whale of a time, too. Leading their "Joanne" patrol from Orinda was Mike Klement. In his wake, the rest of the boys learned songs, jokes, games, and continued their apparently extensive learning in the art of getting dirty.

The boys learned to cook over an open fire with a hot rock as a pan. Eggs fried this way have a distinctive flavor, they say.

Particularly if rock dust and dirt have not been cleaned off the rock first. And biscuits! Nothing like mother ever made, but at Scout camp—good!

And there was woodcarving, and archery, and a target range, and swimming for the boys like Donald Reid, Joe Conley, and Frank Normand, hot after merit badge awards.

Ronald Green made up his second class requirements at camp, Jerry Vurek piled into as much as he could, along with Richard Dickie. Carl Drews of Troop 200

was taken under wing like a brother troop member.

There was a three day hike, a demonstration by camp officials of the use and dangers of dynamite caps, there was rain, and there were bugs.

In other words, it was a wow of a camp.

Okay Conversion Plans for School

Plans for the conversion of the present shop rooms at Acalanes High School into a combination auxiliary lunch room and temporary gym were approved by the school's board of trustees at a recent meeting, according to Neil Parsons, school superintendent.

Parsons said that plans call for lunch tables that fold out of the wall during the lunch hour. The area at other times will be used as a gym. At present many of the students have no place to sit and eat.

When completed, it will seat more students than the regular cafeteria.

Contracts for new football suits were awarded to Maxwell Hardware.

Parking Meter Receipts Told

Walnut Creek's parking meters brought in a total of \$7039.50 for the first half of 1948.

Receipts by months were Jan., \$1128.50; Feb., \$1078; Mar., \$1315.50; Apr., \$1214; May, \$1082.50; and June, \$1242.

Church Executive Group Meets

Our Saviour's Lutheran Church executive committee of the Brotherhood was held at the home of E. A. Anderson on Crest Drive, Orinda last week.

Discussions were on the program which included the church budget, the new building, various brotherhood activities and membership.

Another meeting followed last Friday at the home of Ed Koepke on Acacia Drive.

Pool Wins Safety Award

For the thirteenth time in 19 months Camp Stoneman's motor pool was awarded the San Francisco Port of Embarkation Motor Safety Plaque for June on its record of operating 101,677 miles without a single accident.

The award, presented monthly by the San Francisco Port of Em-

Elizabeth Platt Marries Saturday

Mrs. Elizabeth Platt of Dias Dorados and William Campbell Judge of San Francisco were united in marriage last Saturday at the First Congregational Church in San Francisco.

Their only attendants were close friends, Mr. and Mrs. Burnham Mobley.

The bride is the daughter of Mr. and Mrs. Victor Duham of Oakland. The bridegroom is the son of Mr. and Mrs. Elliot Judge of San Francisco, and is a lieutenant-colonel in the United States Marine Corps. He will leave about August 1 for active duty in Coronado.

The ceremony was made to Maj. Embury V. Smith, Post Motor Pool Officer by Col. Albert H. Whitcomb before members of his staff.

Gavey Almost Became Gravy

Warren Gavey has finally concluded that since his daughter sold enough subscriptions to the Lafayette Sun to win a pogo stick she should have exclusive rights to its use.

Or perhaps we should say he decided that he wanted nothing to do with it. But he decided this a bit too late.

The day after Sally brought home her trophy, Gavey talked her into sharing it, even though she strongly insisted that pogo sticks were not made for grown ups.

But papa informed her that riding a pogo stick wasn't a difficult task and he would soon master it. Well, you've probably guessed the rest of the story.

He jumped on the pogo stick, lost his balance and fell flat on his face.

Beautiful Body Gavey became Beautiful Sprawly Gavey.

Here and There in Orinda

Group Breakfast Planned at Pool

Orindans really don't need to get away for a vacation — not with the Orinda Park Pool offering its members so many diversions.

Jane Courtwright has planned a community breakfast for Sunday at ten o'clock. Bring your own bacon and eggs, or what have you. Coffee will be furnished by the pool directors, according to Mrs. Peg Winters, publicity chairman. A dance has been planned for tonight.

VISITORS ENTERTAINED

Mr. and Mrs. George Hartzell Jr. on Crest View Drive entertained yesterday Mrs. Marie Christensen of Lafayette and Mrs. Christensen's sister and family, Mr. and Mrs. Ren Archibald and children, who are visiting from Ogden, Utah.

AT RUSSIAN RIVER

John Barchfield of Miner Road are spending most of their time at Cazadero in Russian River country, but return here from time to time. Mrs. Barchfield's sister from South America is spending the summer with them.

HOME FROM HAWAII

Mr. and Mrs. W. E. Joslin and son, Bill, and Mr. and Mrs. Charles Pease are due to arrive on the mainland today from their trip to Hawaii. They flew over and returned by ship.

Mrs. Al Meggs Leaves For Trip to Belgium

Mrs. Al Meggs of 52 Overhill Road and her sister, Mrs. Marthe Van Steen Haves of San Carlos left last Friday on an extended trip which will take them to Belgium to visit for four months.

Their first stop is Jackson, Michigan, to visit another sister and then on to Belgium. They'll ship over on the S. S. Media leaving New York August 6. They plan to visit throughout western Europe. Handling their reservations was the Worden Travel Agency.

OGDENS IN EAST

John Ogden is leaving today for Denver where he will meet Mrs. Ogden and their two sons. They are driving back from St. Paul in their new car picked up in the East. From Denver they are touring the southwest, planning to visit Grand Canyon, Carlsbad Caverns.

AT CONVENTION

Cathrine Gibbons, daughter of Mr. and Mrs. Walter B. Gibbons of 51 La Cuesta, accompanied Mrs. B. C. Clark of Sutter Creek to the Democratic National Convention in Philadelphia and is expected home tomorrow. They also toured the east, visiting Boston, Annapolis, New York. They saw all the sights and took in some of the shows in N. Y., "High Button Shoes" and "Annie Get Your Gun."

FISHING AT KLAMATH

Mr. and Mrs. Robert Diehl and Bobby report a wonderful ten days at Klamath River Lodge, returning July 16. Fishing was good in their report.

YOSEMITE TRIP

Mr. and Mrs. M. R. Williams of 168 Moraga took an overnight trip to Yosemite recently. They were accompanied by their two children and were showing the country to relatives from the East.

FOUR-DAY HOLIDAY

Mr. and Mrs. Joe Navone had a grand four day holiday in southern California. They flew south and rented a car to see the sights. Highlight of the trip was the excursion to Santa Catalina. Worden's Travel Agency handled their reservations.

SCHOOLMATES VISIT

Harriet Richards, who is daughter of Capt. and Mrs. A. H. Richards of 28 Las Vegas, is entertaining two schoolmates from the Richmond, Va., Professional Institute. Jean Atkinson departed by plane recently from her home in Richmond. Cynthia Crockett will leave by train Monday, for Roanoke, Va.

Randal Lucas Arrives Home

Randal Alan Lucas was welcomed into the home of Mr. and Mrs. Jim Lucas Sr. this last week. Born at Providence Hospital on Tuesday, July 20, Randy is now at home at 721 Orinda Highway. Both mother and baby son are doing nicely. On the welcoming committee at home were his brothers, Jim Jr., Vernon and Garrett, and his two sisters, Mary Anne and Judith Anne.

FLY NORTH

Mrs. Margaret Roeschene and two children, Dolores and Charles of Brookwood Road, flew to Portland Oregon July 15.

IN NEW YORK CITY

Mrs. George Nelson is now enjoying a visit in New York City and will return in September after visiting her relatives and friends.

AT BIG SUR

Dr. and Mrs. R. A. Stark and party of 555 Manzanita recently enjoyed an overnight stay at Big Sur Lodge.

AT CARMEL

Mr. and Mrs. Dan Carter spent last week end at Carmel Valley Inn.

Drive carefully — save a life.

LEGAL NOTICE

NOTICE TO CONTRACTORS
NOTICE IS HEREBY GIVEN that the Board of Trustees of Orinda Union School District, County of Contra Costa, State of California, calls for sealed proposals to be delivered to the Clerk of the Board at his office at the Orinda Grammar School, Orinda, California until six o'clock p.m. August 24, 1948 at which time and place said bids will be opened for the furnishing of all labor, materials, equipment, transportation and services, which are required for the construction and completion of the proposed Glorietta Elementary School at Glorietta Boulevard and Martha Road in Orinda, Contra Costa County, California.

Bids shall be presented in accordance with the plans and specifications for said work prepared by the office of Jack Buchter, Architect, 41 Moraga Highway, Orinda, California, which are on file at the office of the Architect and also at the office of the Clerk of the Board of Trustees, located as above mentioned.

On deposit of twenty-five dollars (\$25.00) per set, said plans and specifications will be loaned to prospective bidders. All plans and specifications shall be returned in good order to the architect's office within five days after date given herein above for the submitting of bids and when so returned the said deposit will be returned.

If plans and specifications are not returned within the time specified, or if drawings or specifications are returned in mutilated or damaged condition then the said deposit will be retained by the architect to purchase and replace said damaged or mutilated documents.

Rev. Frank Carlson To Preach Here

On Sunday morning, Rev. Frank Carlson, D. D. will conduct the 10 o'clock services of the Orinda Community Church.

Rev. Carlson is Registrar of the Pacific School of Religion and the former Superintendent of the Oregon Conference. In the first half hour he will have an interesting story for the children. A fine sermon for the adults is assured.

Lions Club Plans Annual Barbecue

The Orinda Lions Club is making plans for a bigger and better barbecue this year, with Jim Lucas, Joe Navone, and Bummy Bumgarner in charge of arrangements.

Several different spots to hold the affair are being considered. A Saturday night, when yellow bantam is prime, will be chosen for the big date.

One Road Closed To Diablo Park

The south road into the Mt. Diablo State Park from Danville will be closed July 28 to August 4.

People using the park are to use the north road through Walnut Creek, the Diablo State Park announced.

Patronize your hometown stores.

*Presently being negotiated.

The per diem wage rate is the hourly rate hereinabove established multiplied by the number of hours constituting the work day for the particular craft or type of workman.

Properly indentured apprentices may be employed upon this work in accordance with the State Law. Such apprentices shall be properly indentured as called for by law and shall be paid not less than the standard wage paid to apprentices under the regulations of the trade at which they are employed, or in the event the same are higher, not less than the wage rates hereinabove set forth for such apprentices. An apprentice shall be employed at the work of the trade to which he is indentured only. Anything hereinabove to the contrary notwithstanding, the initial wage to be paid an apprentice shall be no less than 25% of the journeymans wage being paid and shall be increased each six months in an amount not less than 15%. Overtime rates unless otherwise specified by union scale shall be at the rate of double time. Eight hours shall constitute a days work unless otherwise specified above.

It shall be mandatory upon the contractor to whom the contract is awarded, and upon any subcontractor under him to pay not less than the specified rates to all laborers, workmen, and mechanics employed by them in the execution of the contract. The scale of wages of the Contra Costa Building and Construction Trades Council shall govern.

Anything to the contrary in the above wage scale notwithstanding, the contractor and all subcontractors under him shall pay all their laborers, workmen, mechanics, and employees on said work a salary or wage at least equal to the prevailing salary or wage for the same quality of service rendered to private persons, firms, or corporations under similar employment in the County of Contra Costa.

Labor and material bond in the amount of fifty percent (50%) of contract, and performance bond in the amount of one hundred percent (100%) of the contract are required. Bond forms will be furnished by the architect.

Time of performance is one hundred and fifty (150) calendar days from the execution of the agreement. The contractor shall be required to begin work within ten days after the agreement with the successful bidder is executed.

The Board reserves the right to reject any and all bids and any and all items of such bids and to waive any irregularities in any bid received.

No bidder may withdraw his bid for a period of thirty (30) calendar days after the date set for opening of the bids without the consent of the Board of Trustees.

Dates July 29, 1948.
